APPLE PIE

One day my friend Mo and I
Had a taste for apple pie
A yen that we could not deny
Had to have sweet apple pie

We went down to the diner
The apple pie by name
One would think that diner
Would have the pie that made it's fame

Assumed our search had ended
Before it e're began
But when we placed our order
We had to change our plan

Woefully with much chagrin
The waitress bade us rest
"Have a cup of cof-fee
Allow me to sug-gest

We've got
Blueberry, strawberry, gooseberry pie
Blackberry, huckleberry, raspberry pie
Chocolate, banana, coconut pie
Lemon chiffon and shoofly pie
Peach and plum and apricot
Apple's the one that we don't got"

Onward traveled Mo and I
Beneath a grey and cloudy sky
We took our quest on down the road
For the holy grail of pie

The heavenly taste of apple pie
That we anticipate
The sweeter for the journey
And we could hardly wait

Then we met an obstacle
That we had not surmised
At the bakery called APPLE PIE
Again we were surprised

When we requested apple
The baker shook his head
Dusted flour off his hands
And this is what he said:

"We've got
Pineapple, pecan, fig and mince
Rhubarb, mocha, maple, quince
Butterscotch. raisin, prune and pear
Peanut butter, caramel, buttermilk there
Peach and plum and apricot
Apple's the one that we don't got"

So my old friend Mo and I
Together we agreed
Truly such a desperate time
Calls for desperate deed

Life without our apple pie
Too bleak to contemplate
Mo and I we pledged an oath
Elude that dreary fate

We went down to the market
And bought ourselves supplies
Enough to make twelve dozen
Delicious apple pies

We opened up this pie stand
We're happy to relate
Folks come here from miles around
The line is out the gate

Got no
No Blueberry, strawberry, gooseberry pie
No Blackberry, huckleberry, raspberry pie
No Chocolate, banana, coconut pie
No Lemon chiffon nor shoofly pie
No Pineapple, pecan, fig nor mince
No Rhubarb, mocha, maple, quince
No Butterscotch. raisin, prune nor pear
No Peanut butter, caramel, buttermilk there
No Peach nor plum nor apricot
Apple's the only one we got!
