IT'S HARVEST TIME

For Mixed Choir (SATB) with optional part for children's choir

Sukkos (Feast of Booths or Tabernacles) is one of the three biblically based pilgrimage holidays in Judaism. It is an agricultural festival that originally was considered a thanksgiving for the fruit harvest. The text for this celebratory song is taken from Jewish-World Healing Prayers, with some additional text by Linda G Marcus, and adapted by the composer.

The setting is for mixed choir (SATB) with piano accompaniment. If desired, a children's choir may join in, singing with the sopranos, and contributing two short passages of their own (in Unison), but the piece will work equally well with just the mixed choir.
